McFarland's

BURGLAR and FIRE PROOF

SAFES!

THE undersigned would respectfully call the attention of the public to the above unequalled safeguard of property—proof against the devouring element of fire, as well as the most skillful burglar. To MERCHANTS, JEWELLERS, and BANK DIRECTORS, we would only ex... ...the them and be proofs, and we will be convinced of their superiority over all other manufacture.

Our business is done in a plain, straightforward way, without resorting to humbug or large talk.

Below is some of the many testimonials we are daily receiving from all parts of the country, and which speaks for itself. Remove Fond, & Hitchcock's Oil Store was situated directly under the Pacific House, and was totally consumed in that great fire of August 23d.

NEW YORK, Aug. 23, 1853.

Messrs. Wm. McFarland & Co.

Gents—It affords us pleasure to inform you that the Fire and Burglar Proof Safe we purchased of you, preserved our books and papers, at the disastrous fire of the Pacific House, last evening, in the most perfect manner. Although it was covered throughout the fire with burning Rosin, and other Oils, and directly under a broken gas pipe, in the most intense heat, it remained true to its trust, and its contents when taken out were not even scorched, and hardly have the smell of fire. To any one who is in need of a superior Safe, a perfect safeguard against fire, we cheerfully recommend your manufacture, having had a personal experience of their excellence. Yours truly,

B. F. POND & H. TCHCOCK.

India Rubber Goods.

SPRING TRADE, 1854.

L. HODGMAN, 7 Maiden Lane and 51 Pearl Street, invites the attention of the trade, country merchants and hawkers to his generally particular Wholesale Buyer, to his immense stock of India Rubber Goods, which he has now on hand and is daily receiving from his Factories in the following articles:

COATS, CAPES, GLOVES, PANTS, OVERALLS, LEGGINGS, CAPS, BATHING JACKETS, LIFE PRESERVERS, WALKS, CARRIAGE CLOTH, PIANO COVERS, MACHINE BELTING, ENGINE PACKING, CARTON HOSE,

And every description of Rubber Goods manufactured.

The reputation of my Goods for their superior quality is now well established, so as to render any further commendation quite unnecessary. I affect to make a great press for the trade. Wholesale buyers of Rubber Clothing.

That can rely upon my offer them inducements to purchase superior to any that have heretofore, and I flatter myself they will be superior to any that have been offered them heretofore.

Orders respectfully solicited and attended to with promptness and despatch.

CITY OF BANGOR.

An Ordinance in addition to an Ordinance further providing for the Regulation of the Police.

Sec. 1—Be it ordained by the Mayor, Aldermen, and Common Council of the City of Bangor, in City Council assembled,

That annually in the month of March or April, and at such other times as the Mayor and Aldermen may deem it expedient, number of special Deputy Marshals, not exceeding twenty in all, may be nominated and appointed as is provided in said ordinance, to which this ordinance is in addition, passed March 7th, 1853, and that said Marshals, thus appointed, shall be called "Special Deputy Marshals," and shall be removable at the discretion of the Mayor and Aldermen, and shall each, before entering upon the duties of the office, be sworn as "Special Deputy Marshals," and give bond to the city, with sureties, to be approved by the Mayor and Aldermen, in the sum of Two Hundred Dollars, for the faithful performance of the duties of the office and the obligations of this ordinance; whereupon said Special Deputies shall possess and exercise, under the direction of the City Marshal, all the powers now or hereafter vested in the same. Said Special Deputy Marshals shall, when on duty, wear a badge with the word "Police" upon their hats or caps.

Sec. 2—Be it further ordained, That all the special "Deputy Marshals" elected under this ordinance shall be Police Officers, and exercise all the powers authorized by the Act of the Legislature entitled "An Act giving additional powers to Cities," approved June 15, 1850, and shall hold their offices, unless removed by the Mayor and Aldermen, until others shall be appointed and qualified in their stead.

Sec. 3—Be it further ordained, That no compensation or salary shall at any time be made from the City Treasury to any of said Special Deputies.

Passed April 17, 1854.

CITY OF BANGOR.

IN THE YEAR OF OUR LORD one thousand eight hundred and fifty-three.

An Ordinance additional to an Ordinance entitled "An Ordinance providing for the choice, duties, and compensation of a School Committee."

Be it ordained by the Mayor, Aldermen, and Common Council of the City of Bangor in City Council assembled:

That the Superintending School Committee shall in addition to the powers with which they are now invested, be authorized and empowered to appoint, from time to time, a Superintendent of Public Schools in the city of Bangor. The person thus appointed shall hold his office during the Municipal year in which he is appointed, unless he shall be removed by the Committee aforesaid with the concurrence of the Mayor and Aldermen, and he shall receive from the city such sum for his services as the Committee shall fix and determine, not exceeding, however, the sum appropriated for the superintendence of the Public Schools. He shall act under the directions and advice of the Committee, and shall devote his time to the business of his station in promoting the order and welfare of the Schools, the care of the School properties and repairs of School Houses, and generally and faithfully perform all the duties pertaining to Schools assigned of him by the Committee.

Passed March 19, 1854.

House-keepers, look at this!

Admirable Invention!

PATENT SELF HEATING

SMOOTHING IRON!

MANY important improvements have been made since the introduction of the present century, relieving and facilitating the labor of men by machinery and other modern implements; but females have been nearly neglected until the introduction of the Patent Self Heating Smoothing Iron, which will relieve them, in a very great degree, from the excessive and fatiguing labor of Ironing, besides being a great saving of time and expense. This Iron combines economy, convenience, saving of labor, and despatch; one cent's worth of dry charcoal supplies fuel for a whole days' constant ironing. Hard wood coal from the stove will answer the same purpose. It can be used in any room or in the open air. Hatters' and Tailors' Irons are constructed upon the same principle, and possess equal superiority.

Important Bargains Offered.

LOTS of Land for Rural Dwelling Houses, with Large Fruit and Vegetable Gardens, adjoining the city, mostly on the continuation of French St. and Broadway, and a street laid out, 75 feet wide, in the range with Broadway, (as it runs from State Street to the Park.) This street is laid out about 160 rods through my lands, exceeding over the west end of Mt. Pleasant. This land is north of and much higher than the Park, having a commanding view of the city and surrounding country.

Also, land for Orcharding and Farming, on the new Stage Road to Oldtown running by Coombs Mills, situate beyond and near he first considerable elevation, having a view of some part of the city on its western side. This land is considered as good as the farm on which I live, where I have raised over 40 bushels of wheat to the acre, (as may be seen on the books of the P. A. Society,) and early hay and potatoes in that proportion. Some judgment may be formed also of my land for Fruit Trees on my lot near the city, by examining my bearing trees and our Fruit Nurseries.

My land East of the Mills has a considerable growth of wood on it, and some timber for frames. We can go three turns a day, it being one of the easiest roads running out of Bangor.

Liberal terms will be given on it, and the size of the lots made to suit purchasers.

N. HARLOW.

Bangor, March 25, 1854

☞ If any person, not advised in life, should appreciate the probable results of a few years good business in Bangor, of purchasing land from an original lot, beginning at East Market Square, (the northerly part of Lot No. 68, Tolford's Plan is referred to,) where three leading and important streets are laid out passing into our great and important northern and western entry, he can now do so. These streets will afford some of our finest seats for elegant Houses and valuable Fruit Establishments, without expense. It is only a strong wish to be relieved from part of my cares, and that of closing business of this kind, which could induce me to sell at this time by the quantity.

Bangor, April 18, 1854

STATE OF MAINE.

To Aaron A. Wing, of the city of Bangor, in the county of Penobscot, and one of the members of the Kenduskeag Log Driving Company.

GREETING:

Whereas Aaron A. Wing, Samuel Thurston, and L. J. Morse, members of the Kenduskeag Log Driving Company, have applied to me, E. L. Hamlin, Esq., one of the Justices of the Peace within and for said county, requesting me to issue a Warrant to you, the said Wing, directing you to call a meeting of the members of said Company, to make choice of officers necessary for said Company, and to act upon such other matters as shall legally come before said meeting, to be held at the counting room of Stetson & Co., on Saturday, the 29th day of April instant, at ten of the clock in the forenoon—

You are hereby required to notify and warn a meeting of the members of said Company, to be held at the time and place and for the purposes aforesaid, by publishing a notice thereof in the Daily Whig and Courier, a newspaper printed in said Bangor, two weeks successively, the last publication to be before the day of meeting. And have you there this warrant with your doings therein.

STATE OF MAINE.

In the year of our Lord one thousand, eight hundred and fifty-four.

AN ACT to authorize the City of Bangor to aid the construction of the Penobscot and Kennebec Railroad.

Be it enacted by the Senate and House of Representatives in Legislature assembled, as follows:

Section 1. The city of Bangor is hereby authorized to loan its credit to the Penobscot and Kennebec Railroad Company, in aid of the construction of that railroad, not exceeding, however, the sum of five hundred thousand dollars, upon their compliance with the following terms and conditions.

Section 2. If this act shall be accepted, as hereinafter provided, and said company shall, within three years from its approval, produce evidence satisfactory to the mayor and aldermen of said city, by the publishing that the sum of $500,000 has been collected from the subscriptions to the stock of said company, and paid in and actually expended, in the construction of their road and the purchase of the right of way, then such fact shall be certified by the mayor and aldermen to the city treasurer, and he shall forthwith issue to the directors of said company, for the purpose of completing said road, the scrip of said city, payable to the holders thereof at the expiration of twenty years from the date thereof, in the sum of five hundred dollars, with coupons for interest attached, payable semi-annually; Provided, however, that the whole amount of said scrip shall not exceed the sum of $500,000. And provided further, that such scrip of $500,000 may be subdivided and issued in lots thereof for such times, as the parties may deem expedient.

Section 3. Concurrent with the delivery of said scrip as aforesaid, the president and directors of said company, in their official capacity, shall execute and deliver to said city treasurer, the mortgage company in the penal sum of ten hundred thousand dollars, payable to said city, conditioned that said company will duly pay the interest on said scrip and the principal thereof, and in all respects hold the city save harmless on account of the issue of said scrip. And shall also execute and deliver to said city treasurer the scrip of said company, payable to the holders thereof by the city treasurer, for the same amount as the scrip thus issued and delivered to said company with coupons attached. Which scrip shall be held by said city as no internal security for the fulfilment of the conditions of said bond, and at the expiration of any one of said conditions, said city may from time to time, sell said scrip or any portion thereof, in public sale, in denominations in the cities of Portland, Boston, or New York, after sixty days notice in writing, to a responsible person, or one of the directors, or clerks of the stockholders of said company, naming therein the time and place of sale, and the terms upon which said sale shall be made, and the proceeds thereof shall be endorsed on said bond.

Section 4. The president and directors of said company, are hereby authorized, and it shall be their duty in their official capacity, upon receipt of said scrip, from said city, and the delivery of their bond to said city, to secure the payment of the same, to execute and deliver to said city a mortgage of said railroad, and of all the property of said company, real and personal, which they then have or may subsequently acquire, together with the franchise without power to alienate, which mortgage shall be signed by the said president and official capacity, and shall be executed according to the law of this state, and shall be in such legal form and shall contain such and sufficient terms to secure to said city the fulfillment of all the conditions in said bond contained and said mortgage, so executed, and delivered and recorded in the registry of deeds for the county of Penobscot, shall be a satisfaction and purposes be, and the same is hereby declared to be, a full and complete transfer of said railroad, of all the property of said company, real and personal, then or subsequently to be acquired, and of said franchise subject only to the conditions therein contained, any law to the contrary notwithstanding; and all the proceedings in the organization of said company, and project of directors, shall be deemed valid and regular.

Section 5. For the purpose of foreclosing said mortgage, it shall be sufficient for the said mayor and aldermen to give notice according to the mode prescribed in the 6th section of the one hundred and twenty fifth chapter of the revised statutes, which notice shall be published in a newspaper printed in said city of Bangor, and record thereof may be made within thirty days after the date of the last publication, in the registry of deeds for the county of Penobscot; which publication and record shall be sufficient for the purposes of such foreclosure. Upon the expiration of three years from said first publication, if the conditions of said mortgage shall not within that time have been performed, the foreclosure shall be complete, and said city may take the title to the railroad, and to all the property and franchise aforesaid, absolute in said city.

Section 6. If the directors of the company shall at any time neglect or omit to pay the interest which may become due upon any portion of the scrip issued and delivered under the provisions of this act, or to pay the principal as it shall become due, or to comply with any of the conditions of said bond, the city of Bangor may take actual possession in the manner hereinafter provided, of the railroad, of all the property, real and personal of the company, and of the franchise thereof, and may hold the same and apply the income thereof to make up and supply such deficiencies, and further deficiencies that may occur, while the same shall be held, until such deficiencies shall be fully made up and discharged. A written notice signed by the mayor and aldermen, and served upon the president or treasurer, or any director of the company, or, if there are none such, upon any stockholder in the company, stating that the city hereby takes actual possession of the railroad and of the property and franchise of the company, shall be a sufficient actual possession thereof, and shall be a legal transfer of all the same for the purposes aforesaid to the city, and shall enable the city to have the same against any other transfers, secured, and against any other claims therein, until such purposes have been fully accomplished. Such possession shall not be considered as an entry for foreclosure, under any mortgage heretofore provided, nor shall the right of the city or of the company be affected through mortgage, be in any manner affected thereby.

Section 7. All moneys received by or for the railroad company, after notice as aforesaid, from any source whatever, and by whomsoever it may be received, shall belong to and be held for the use and benefit of the city, in the manner and for the purposes herein provided, and shall after notice given to persons receiving the same, respectively, be by them paid to the city treasurer, which payment shall be an effectual discharge from all claims of the company therefor, but if any person, without such notice, shall make payment of moneys so received, to the treasurer of the company, such payment shall be a discharge of all claims of the city therefor. All moneys received by the treasurer of the company, after such notice for lands taken at the time such notice may be given, shall be by him paid to the city treasurer, after deducting the same expended, or actually due for the running expenses of the road, for the salaries of the officers of the company, and for repairs necessary for conducting the ordinary operations of the road.

Such payments to the city treasurer shall be made at the end of every calendar month, and shall be by him applied to the payment of all the interest and principal sums as aforesaid, and any person who shall pay or apply any moneys received as aforesaid, in any manner contrary to the foregoing provisions, shall be liable therefor, and the same may be recovered in an action for money had and received, in the name of the city examiner, whose duty it shall be to sue for the same, to be by him paid and applied as is herein required.

Section 8. For the purpose of collecting the obligations provided in the two preceding sections, the Mayor and Aldermen may cause a suit in equity to be instituted in the name of the city of Bangor, in the Supreme Judicial Court in the county of Penobscot, against the Railroad Company, its directors, or any other person as may be necessary, for the purpose of discovery, injunction, receiver or other relief, under the provisions of this act, and any Judge of the Court may issue a writ of injunction or any other suitable process in any such bill, on vacation or in term time, with or without notice, and the Court shall have jurisdiction of the subject matter of such bill, and shall have such proceedings and make such orders and decrees as may be within the powers and according to the course of proceedings of Courts of equity, as the necessities of the case may require.

Section 9. If the railroad company shall, after notice of possession as aforesaid, neglect or choose directors thereof, or any other necessary officers, or none such shall be found, the mayor and aldermen of the city shall appoint a board of directors, consisting of not less than seven persons, to act the other necessary officers, and the persons so appointed shall have all the power and authority of officers chosen or appointed under provisions of the act establishing said company, and, upon their acceptance, such officers shall be subject to all the duties and liabilities thereof.

Section 10. The city shall appoint one of the directors of said railroad company from among the stockholders, who shall be chosen annually by the city council in joint ballot, before the annual meeting of said company, for the choice of their officers, who shall have the same authority in transacting the business of said company, and who shall be entitled to like compensation from the company as any other director, but the right to choose such director shall cease when the loan contemplated is extinguished.

Section 11. As an additional and cumulative protection for said city, all liabilities, which by said city may be assumed or incurred under or by virtue of any of the provisions of this act, sh

Political Movements.

The agitation among the leaders of the Loco party in Maine is increasing as the time draws near for decisive action. The Portland Expositor, the organ of those in favor of free rum and particularly democratic, battles the watch quite smartly in favor of a Mass Convention, and implores the Democratic State Committee not to commit the blunder of losing the vantage ground now given them of adopting the Mass Convention and securing for the candidate the vote of the free rum people of the State!

There is a quarrel go on on between the leaders of two sections of the Loco party respecting the basis of representation upon which the Delegate Convention shall be called. That is, one section contend, that the call for a representation shall be based upon the gubernatorial vote of last year, and another section contend that it shall be based upon the Presidential vote. It is upon the issue here presented that each section claims to be *the* genuine democratic party in the State and whose action should be regarded and whose nominations be deemed regular. The leaders of each of these sections cry out lustily in favor of preserving the organization of the party! A double and a doubtful organization would seem to be sufficient, we should suppose, for present purposes, especially as the opposers of the Maine Law are to hold a Mass Convention on the 10th of June next to nominate Shepley and Carr.

A struggle will be made, if the basis upon which the Convention shall be favorable, to nominate Mr Jerry at the Delegate Convention, thus giving him two strings to his bow and forming a coalition with the nominal Democracy and the rum power.

For the purpose of opening up the views of the parties interested, on the democratic side in the subject of nominating a candidate for Governor, we here give a few extracts.

The Portland Expositor says:

"The movement for a Mass Convention on the 10th of June is spreading and taking with enthusiasm among the people. From every county in the State we hear a good report of it. While not one single, military, new argument has been adduced against it not embodied in the first paragraphs that sounded the tocsin of opposition among the leagued presses of old Hickory. The fallacy of the idea, that its effect is to destroy the organization of the democratic party, is clearly seen by the masses, and the personal interest that brings forward such an argument is well appreciated by them also.—

☞ The organization of the party will remain the same throughout after, *as before*, a Mass Convention, if the State Committee do not decide to call the Mass Convention themselves, instead of having others call it from necessity. ☜

☞ They cannot be enemies to the democratic party in mass, who are willing to have the State Committee of that party lead off in the mode of effecting a gubernatorial nomination.

All this talk of hostility to the democracy—of abandoning the organization of the democratic party—disbanding, &c., is a mere rose-wool pulled over the eyes of the soft and submissive ones, and *the masses know it*—common sense teaches it—common honesty everywhere owns up, that it is even so.

The last is, be true, fearless and disinterested democracy of the State, are not afraid of themselves. It is only certain party leaders, who are afraid of them. But the masses know how to lead if the few don't, and they know what direction to take to effect their own wishes. And the opposition of the few will make them, nor dishearten them. Onward is the countersign. The 15th of June will be a proud and a memorable day in the politics of our State. Thousands will attend the Mass Convention, and tens of thousands more will sympathise with and at the polls sustain its doings. We only regret that the State Committee did not see as clearly as thousands do, the error they are committing in not seizing upon the offer that will be made them, of taking the lead in this necessary and unavoidable movement."

The Bath Times says, in its remarks, that almost every democratic press in the State has spoken out against the attempt of a knot of disorganizers to substitute a "Mass Convention" for the established system of representative conventions in the nomination of a candidate for Governor. As an offset to this the Expositor remarks that of the democratic papers in the State, being controlled and edited by officeholders, the people are shut out from being heard upon matters which they are directly interested in.

The Argus says:

"There is something that strikes us as bordering upon impudence in the action of this invisible and unknown body of "democratic republicans." They announce that they shall request the Democratic State Committee to call a Mass Convention; but that, whether they consent or not, *it shall be held!* Why, there, gentlemen, don't you call it yourselves upon over your own names? Of course, you are well aware that the Committee will pay no attention to your absurd request. They were elected to take the organization of the Democratic party, in title *literally* it. Their province is to keep, side issues out of the contest, not to make them all important.

If these mushed men are determined to have their Mass Convention, why of course they will, and it is not in our power to prevent it. But believing it to be an attempt to crush out the regular democratic party, we warn all true democrats against it. Our organization is sufficient for all useful purposes. It has worked well in years past, and may work well for years to come."

The Belfast Republican says:

What is a mass convention? A newspaper call, or a hundred dollars spent in circulars and other essentials, can produce a mass convention any where, and at any time. One town can have a mass convention in Portland, another in Augusta, and another at Belfast. What does such a convention do? Why! really nothing at all, though the general impression is that the persons assembled are the friends of some one or other who cannot get an office through the regular party channel. In the present condition of parties in Maine, the abandonment of the present system of delegate conventions by either whigs or democrats would only assure and make certain the success of the opposite. It is true that perfection does not exist in the machinery of any organization, disturbed as it is, the idea of a mass meeting for nominating purposes giving any expression to the voice of the democracy, is a fallacy to be avoided, both for itself, and also for the source from whence it originates.

The Lincoln Democrat says:

At any rate, we think the people will much prefer abiding by the old organization, to allowing these self elected, and self chosen delegates to act for them. Twice have these conventions been held in this State, and twice have they been the means of throwing the beats into the hands of the whigs, and we feel sure that no man who has the smallest portion of democracy about him, will lend his aid to any such scheme. At any rate we certainly protest against this meeting, and hope the people will rebuke the rabid, fanatical, and disconcerted politicians, who are forwarding the project, for its only result will be the defeat of the democracy."

Sermons of Clergymen.

There seems, just now, to be a desire for an increase of salary among a portion of the clergymen of New England, we presume, we suppose, with the increased prices of every article of necessity and luxury. We give the following items:

The people worshipping in the Stone Chapel, corner of School and Tremont streets, Boston, have lately added the salary of their pastor Rev. Mr. Peabody, to $4000 per annum.

The Franklin-street Church, Manchester, N. H., have raised the salary of their pastor from $1,000 to $1100.

We learn that the salaries of several Portland clergymen have been recently increased—that of Rev. Mr Cutler, Park street, to $1500 per year; Rev. Mr Dickering, High street, to $1100. Rev. Carruthers, Second Parish, to $1600. The salary of Rev. Mr. Carpenter, of the new Church on State street, was fixed at $1400.

Mr Schoolcraft and Schoolcrafting on the Story of my Education. By Hugh Miller, Author of "The Old Red Sandstone," "Footprints of the Creator," "First Impressions of England and its People," &c. Boston—Gould & Lincoln. 1854.

We have here a fine, substantial, well printed and well bound volume of nearly six hundred pages. It is a work of great merit—the autobiography of a man of mark, a working man, who stands high for his scientific attainments and his high character. He is widely and favorably known as an author of several excellent works. This work gives us the record of his education, which he worked out for himself. His own experience in not being able to find books telling him how he could educate himself, although so much has been written upon the mode of teaching others, suggested to him the labor of writing out his own educational course, affording suggestive way-marks to that great class of people who need to learn but have no one to teach them. It is a suggestive and matter-of-fact treatise on the subject of self-education addressed to working men. It is a record of the successful mental advancements of a fellow worker in the path of self-culture, and should be read and studied by all the young men of the country—by young working men at least.

Life and Sayings of Mrs. Partington and others of her Family. Edited by B. P. Shillaber of the Boston Post. New York: J. C. Derby.

The celebrated sayings of Mrs. Partington, which for years have enlivened the columns of the Boston Post, show, by several, capital humorous and sufficiently funny, now appear in a handsome volume, and seem as fresh as general as when first issued.

The volume is fully illustrated. The frontispiece is a true representation of Ruth Partington herself, as she sits "illuminating" in her "old arm chair" with her knitting work in hand. A more benevolent, dame-like looking countenance cannot be conceived. California Items.

The most important event of the fortnight, was the trial of H. P. Watkins, the Filibuster associate of Walker in getting up the Sonora expedition.

The trials lasted four days, and resulted in the jury rendering a verdict of guilty, with a recommendation to mercy. Sentence has been pronounced.

The arrest of the Mexican Consul at San Francisco, Senor Luis del Valle, on the 31st ult., on a charge of enlisting the soldiers to go to Mexico, created a great excitement. It seems that the British ship Chalenge had been engaged to take 600 Frenchmen and Germans to Guaymas, and had been twice libelled for carrying too many passengers; and the Consul was finally arrested upon the affidavit of the two Frenchmen who had chartered the vessel, and who had engaged the men at the request of the Consul on condition of enlisting for one year in the Mexican army. The Consul was held to bail in $25,000.

The mining news is most encouraging. It was thought, that the product of gold for the last fortnight had never been exceeded in the history of the mines.

"It is reported that one of Fremont's party has arrived in San Bernardino, and states that he left Fremont in the snows of the Sierra Nevada, south of Walker's River Pass, and that the whole party was in imminent danger from cold and starvation.

We have full particulars of the iniquities practised by Walker and his party, as detailed by a man who was detained by them as prisoner for fifteen days, he utterly refusing to take the oath of allegiance. The story of the compelling Indians and Mexicans to take the oath of allegiance, on pain of death, is fully confirmed. The depredations and robberies upon the inhabitants have been to such an extent that they are in absolute want, and thousands will doubtless emigrate to Upper California.

Walker's party itself is in a distressed condition. Two men have been shot on suspicion of intention to rob! The band had dwindled down to seventy members, who were at San Vincente, confiscating estates! The deluded men are deserting as soon as an opportunity offers, and Walker will shortly be left without a corporal's guard.

Swazey vs. Tibbetts. Proof that prohibited sales were made at the store of a trader, of articles belonging to him, by a clerk in his employ, does not alone create a legal presumption of guilt in such trader, though having knowledge of such sales and receiving the pay for the articles sold.

Such proof would as her as a jury to infer that the trader either directed or assented to the sale; but would not justify the Court in deciding, as matter of Law, that unless there should be some opposing proof, he would be equally responsible for the sales, as if made by himself.

Clipper Ships at San Francisco.

New York, April 26.

San Francisco dates of April 1, says: "Yesterday, the two crack clipper ships Romanda of the Sea, and Davis Brown, both for China, left this port in tow of steam tugs. The Romance of the Sea was slightly ahead, but closely followed by her antagonist. As both vessels arrived here the same day—one from Boston, the other from New York, and made excellent time, there are numbers of bets pending on the first arrival in China. Both are in good ballast trim, and commanded by experienced officers."

Monday was the scene of a sad disaster to the Augusta Water Power Company. The freshet carried away a portion of the bulk head of the canal, turning the water from the canal and putting a stop to the Kennebec Company's Mills, and the Machine shop recently erected just below the dam. The shop is occupied by mechanics for various purposes, and some of the parties were among the sufferers previously by fire, and had just commenced anew their various occupations requiring the use of water power. To these mechanics this sudden interruption is peculiarly unfortunate, and unless the Company repair the damage immediately, they will be great sufferers by the disaster.

Napoleon Wants a Divorce.—The Paris correspondent of the Monitor, writes as follows:

The great question which occupies, at present, the Court of France, is the divorce of the Emperor. He no longer hopes to have any children by his present wife, and it is said he thinks of taking another. The report is not official, but as it has appeared in several Bonapartist papers, the truth of it can scarcely be questioned. Napoleon III is, however, very fond of his wife, and the divorce will resemble in every point that of his uncle and Josephine, who were, as you know, separated for the same reason. Whether from this motive or from any other, the Empress of the French is looking very melancholy. It is impossible to see her without being struck by her expression of sadness. The Child's Desire.

I think, when I read that sweet story of old,
When Jesus was here among men;
How he called little children as lambs to his fold,
I should like to have been with them then.
I wish that his hands had been placed on my head,
That his arms had been thrown around me,
And that I might have seen his kind look when he said,
Let the little ones come unto me.

Yet still to his footsteps in prayer I may go,
And ask for a share in his love;
And if I thus earnestly seek him below,
I shall see him and hear him above.
In that beautiful place he has gone to prepare
For all who are washed and forgiven;
And many dear children are gathering there,
For of such is the kingdom of heaven.

But thousands and thousands, who wander and fall,
Never heard of that heavenly home:
I should like them to know there is room for them all,
And that Jesus has bid them to come,
I long for the joy of that glorious time,
The sweetest and brightest and best,
When the dear little children of every clime
Shall crowd to his arms and be blessed.

A Wonderful Discovery has recently been made by Dr. Curtis, of this city, for the treatment of Consumption, Asthma, and all diseases of the Lungs. We refer to "Dr. Curtis's Hygeana, or inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted cases to perfect health; as an evidence of which, he has in his possession the certificates. Speaking of the treatment, a physician remarks:—It is a fact that inhaling constantly breathing an agreeable vapor, the medicinal properties must come in direct contact with the whole of the mucal cavity of the lungs, and thus escape the many and varied changes produced upon those when introduced into the stomach, and subjected to the process of digestion. The Hygeana is for sale at all the druggists throughout the country.—(From the New York Dutchman of January 14th.

See advertisement of Medicated Inhalation in another column of this paper.

DO NOT FORGET,

If you have a cough or cold, hoarseness, asthma, or any thing of the kind, that Parsons Renovating Compound, a pleasant remedy, has cured such disease. Here is one of many cases:

"Having been afflicted with a severe and obstinate cough, (after using other articles in vain) I obtained a bottle of Mr. Pitkin's 'Renovating Compound,' which entirely removed my cough in a few days. Its effects were also very beneficial upon a friend to whom I recommended it.

CARD.

WM. ARNOLD returns his sincere thanks to his numerous customers for their liberal and long continued patronage, and having sold his old stand to Alb. Billings (April 6th, 1854) would respectfully direct the attention of those indebted to him to the immediate settlement of their accounts. He may be found at his former counting room for a short time. Mr Sargent is also authorized to settle bills.

Bangor, April 26, 1854.

CARD.

HEMENWAY & HERSEY take this opportunity to tender their thanks to their numerous friends and the public for the liberal patronage received, the very large patronage they have had during the recess. They would now invite attention to their new and elegant Salesroom, at No. 3 Exchange Block, at the corner of Exchange street and Kenduskeag Bridge. These stores have been fitted up in the most approved modern style, for the accommodation of our friends upon the East Side, and together from one of the finest rooms and best adapted establishments of the kind in the State. Here we shall keep constantly on hand a very large, well, and well assorted stock of every variety of goods in our line of trade.

We may also be found at the Old Stand, No's 18 and 20 Main street, where we shall continue to keep the same rich and elegant assortment of Goods as heretofore.

☞ To the Ladies!—Burt's Golden Gloss, for the Hair, is a preparation which has no equal. It is highly perfumed, and imparts the fragrance of the most delightful flowers. It makes the hair soft, glossy, and luxuriant, and causes it to grow luxuriously, preventing it from falling off or turning gray. It removes dandruff, prevents eruptions forming, and keeps the scalp clean, smooth and healthy. It has cured nervous and sick headache by a single application. Ladies who learn its value in this respect will never be without it. Price 50 cts. W. H. BURT, Proprietor, 397 Broadway, New York. Sold by E. E. PERKINS, Agent, Bangor. ja19 3m

KENNEDY'S MEDICAL DISCOVERY

The Greatest of the Age

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common Pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of decided value, all within twenty miles of Boston.

Two Bottles are warranted to cure a running sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the worst kind of Tetter.

Two bottles are warranted to cure the worst case of scald head.

Two bottles are warranted to cure the worst kind of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have never tried all the wonderful medicines of the day as that a common weed growing upon the pastures, and along old stone walls, should cure every humor in the system. Yet it is now a fixed fact.—If you have a humor it has its start. There are no ifs nor ands about it, waiting some cases but one year. He has peddled over a thousand bottles of it in the vicinity of Boston, and known the effects of it in every case. It has already done some of the greatest cures ever done in Massachusetts. He gave it to his children a year ago, to old people of sixty, and has seen purer looking children whose flesh was soft and dainty, restored to a perfect state of health by one bottle.

To those who are troubled with a sick head, one bottle will always cure it. It gives great relief in catarrh and deafness. Some who have taken it have been cured for years, and have been regularly tied by it. Where the body is sound it works quite easy, but where there is any derangement of the functions of nature, it will cause very singular feelings, but you must not be alarmed—they always disappear in from four days to a week. There is never a bad result from it—on the contrary, when the first feeling is gone, you will feel yourself like a new person. I heard some of the most extraordinary cures of it that ever has listened to.

No change of diet ever necessary. Eat the best you can get and enough of it.

TESTIMONIALS.

(The following certificate from Dr John C Warren, of Boston, was given 17 years since but will suit forever.

Boston, Jan 5, 1833.

Having had occasion to observe that some persons afflicted with hernia have suffered much from the want of skillful assistance to adjust an suitable Trusses to the peculiarities of the complaint, I have taken pains to inform myself of the temperament of Mr J F Foster, to supply the deficiency occasioned by the death of M Beale.—After some months of observation of his work, I am well satisfied that Mr Foster is well acquainted with the manufacture of these instruments, and I can speak in recommending to the society of persons which stand I feel called upon to recommend him to my professional brethren and to the public as a person well fitted to supply their wants in regard to these important articles.

JOHN C. WARREN, M. D.

I the undersigned take great pleasure in recommending to the favorable consideration of those who are unfortunately afflicted with Hernia, Mr James Frederick Foster as a skillful and competent person in the manufacture and fitting of Trusses. He have employed him some of our twenty years, and therefore speak from particular knowledge of his abilities. He early adopted, has for long a series of years in the business, and the large number of individuals whom he has relieved in a variety of cases, render him, in our opinion, equal, if not superior to any manufacturer of the article. His father Dea. Gideon Foster of Charlestown, was master of the Poor House in that town for upwards of twenty four years, during which period Mr Foster assisted in the duties of that office, and made application of Trusses in a great variety of cases with great success, some of which were of a very complicated and distressing character.

It is well known to all who have occasion to wear a Truss, that its great excellence consists in its adaptation to the body, so the same may relieving the patient. Any ordinary mechanic may make a Truss, but none but a skillful practitioner can apply it with a tolerable degree of ease, and oftentimes real safety when the contrary might.

Our experience has convinced us that Mr Foster has thoroughly studied this knowledge. The certificates of Dr J C Warren, and other eminent surgeons, which he has obtained by adapting his opinions we have subscribed.

ASTONISHING CURE OF SORE LEGS AFTER NINE YEARS STANDING

Copy of a Letter from Mr W. Langley of Huntsville, Yadkin county North Carolina, U. S. dated November 1st, 1853

READ HIS OWN WORDS.

To Professor Holloway:

Sir,—It is not my wish to become boisterous, and use in the latter writers for the mere sake of writing, but to say, that your Ointment cured me of one of the most dreadful cutaneous diseases that flesh is heir to, and which was considered by all who knew me to be incurable beyond the reach of medicine. For a long term I was afflicted with one of the most painful and troublesome sore legs, that ever fell to the lot of man, and after trying every medicine that I heard of I resigned to death as the only relief. But a friend brought me a couple of pots of your Ointment, which cured the sores on my legs to scab and entirely regained my health, to my agreeable surprise and delight and to the astonishment of my friends.

AN EXTRAORDINARY CURE OF A BAD BREAST, WHEN NEARLY AT THE POINT OF DEATH.

Copy of a Letter from Mr W. Durant, New Orleans, November 9th, 1853.

To Professor Holloway, 38, Corner of Ann and Nassau streets N Y

Dear Sir,—It is with heart felt gratitude I wish to inform you that my wife was cured by your Pills the life of my wife has been saved. For never years she had a bad breast, with ten running wounds, (one of a cancerous nature) I was told that nothing could save her she was been induced to use your Ointment and Pills when to my great surprise and joy, they perfected a perfect cure, to the astonishment of all who saw us. We obtained your medicines from Messrs Wright & Co. of Charles street, New Orleans. I send this to you, that the world may know, that before we had your medicines, she was at the point of death, and that time not knowing your address in New York.

(Signed) B. DURANT

WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

THIS valuable medicine which has received the sanction of the medical faculty, by whom it is regularly prescribed and which has been tested successfully by thousands of invalids, is one of the most remarkable preparations ever offered to the public for the cure of

CONSUMPTION, SCROFULA, COUGHS, COLDS ASTHMA, BRONCHITES, SPITTING OF BLOOD, AND ALL COMPLAINTS OF THE LUNGS.

Pure Cod Liver Oil has long been acknowledged to be the most efficacious article for the cure of Consumption and kindred diseases yet discovered, while the chemical properties of the PHOSPHATE OF LIME are also well known in medicine as being peculiarly healing. In cases where alceration has taken place in the lungs, this article has been found, by the most careful tests to supply the very ingredients necessary for the formation of cells, and the complete healing of the diseased part of the human system.

This preparation of the pure Cod Liver Oil and Lime combines the oil of a very palatable form which renders it so free of taste, particularly to invalids.—The thorough combination of the Phosphate of Lime with the Oil has only been accomplished by the adoption of the most perfect rules of chemistry and a judgment has thereby been produced which is of incalculable value in a climate like our own.

A long array of testimonials might be given here to prove the efficacious character of this medicine but it is not deemed necessary. The fact that from the very first introduction of the Cod Liver Oil and Lime before the public, it has been gradually adopted by the medical faculty is sufficient proof of its unquestioned excellence.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints by Medicated Inhalation. Dr CURTIS'S HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption on the city of New York and vicinity for a term no his past, ever known to man. It is producing an impression on diseases of the lungs never before witnessed by the medical professions. [See certificates in hands of Agents.]

The Inhaler is worn on the breast under the linen, without the less inconvenience, the heat of the body being sufficient to evaporate the fluid, supplying the lungs constantly with healing and agreeable vapor passing into all the air cells and passages of the lungs, that cannot possibly be reached by any other medicine. In no case of

ASTHMA CURED.

BROOKLYN, N Y Dec 9 1853

For about eight years I have been severely afflicted with the Asthma for the last two years I have suffered beyond all my powers of description, months at a time I have not been able to sleep in a bed getting what rest could sitting in my chair. My difficulty of breathing and my rattlings, were so great at times, but a few hours together, my friends expected each hour would be my last. During the past six years, I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit and but little relief. At length I had the good fortune to procure Dr Curtis's Hygean or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was still ringing under one of my most violent attacks, and was in great distress almost suffocating for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing and had a comfortable night. I have since continued it with the greatest possible benefit, and do now consider myself well. God only knows the amount of suffering the medicine has relieved me from. My advice to the suffering is—try it.

MARGAR T. EASTON

CONSUMPTION CURED.

New York 1 Sept 1853

I came to New York in the last October, from my native place in St John New Brunswick, when I reached this city my health was very poor, had a bad cough raised a great deal of matter which was frequently mixed with blood, had pain in my left side and was very weak and emaciated. My friends and physicians pronounced my case a consumption and beyond the reach of medicine. I accidentally heard of Dr Curtis's Hygean or Inhaling Hygean Vapor and Cherry Syrup and obtained a package which I verily believe was the means of saving my life. Soon after commencing the Inhaler I found it relieved the pressure on my lungs and after which the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed and soon had no cough to do my cough gradually growing better until it entirely left me and I now consider myself cured. I still wear the Inhaler as the use of it is rather pleasant and believing it strengthening and purifying to the lungs I feel in duty bound to present to dispense with it. JOHN WOOD

For the rapid Cure of COUGHS, COLDS HOARSENESS, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries for the benefit of humanity, none have been more deservedly lauded than the remedy for the cure of Pulmonary Consumption. Its wonderful cures have spread the fame of the preparation to every part of the civilized world, and it is now regarded by the public as the most effectual remedy for the dangerous diseases of the lungs. Its extensive sale and the unbounded confidence in its virtues, which its uniform success has created, render it a matter of public interest to know that it is still the most reliable remedy for those fatal diseases which it was first discovered to cure. Its long continued and unrivalled success in the cure of Coughs, Colds, Hoarseness, Bronchitis, Asthma, and Consumption, has made it the standard remedy for these diseases throughout the world. Its virtues are known to the public, and it is not the province of the publication of testimonials to prove what it will do. Its effects are well known to those who have used it, and to those who have not, we need only say that it will do all that it has done before. Those who have tried it know that it can be relied on for what it does, and will do what it has done. Its effects are well known in many cases, and it is now in general use.
